Independent Auditor's Report

**To the Members of
'Namgis First Nation**

We have audited the accompanying consolidated financial statements of 'Namgis First Nation, which comprise the consolidated statement of financial position as at March 31, 2018, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of 'Namgis First Nation as at March 31, 2018, and the results of its operations, the changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Consolidated Financial Statements

March 31, 2018

1. Basis of Presentation and Significant Accounting Policies

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(a) Reporting entity principles of financial reporting

These financial statements consolidate the assets, liabilities and results of operations for the 'Namgis First Nation ("First Nation") government and all related entities which are either owned or controlled by the First Nation. The entities that are included in the consolidated financial statements are as follows:

1. 'Namgis First Nation Government
2. 'Namgis First Nation Trust Funds
3. 'Namgis First Nation Social Housing Programs
4. 'Namgis Substance Abuse Treatment Centre Society
5. 'Namgis First Nation Holding Company Ltd.
6. Namgis Education Society

All inter-entity assets and liabilities have been eliminated, but transactions between funds have been shown on the individual fund schedules.

(b) Government Business Enterprises

Commercial enterprises that are owned, controlled or subject to significant influence by the Nation and meet the definition of a government business enterprise are included in the consolidated financial statements using the modified equity method. These include:

- Atli Resources Corporation
- Atli Resources Limited Partnership
- Kwagis Power Limited Partnership
- 'Namgis Power Corporation
- 'Namgis Sand & Gravel Ltd.
- Orca Sand and Gravel Limited Partnership
- Kuterra Limited Partnership
- Kuterra General Partner Inc.
- Mama'omas Limited Partnership
- Danyas Forest Products Limited Partnership

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2018

1. Basis of Presentation and Significant Accounting Policies (continued)

(c) Fund accounting

'Namgis First Nation uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual, or voluntary actions. The various funds have been amalgamated in the Consolidated Financial Statements. The Nation maintains the following funds:

- Revenue and Capital Projects and Revolving Housing Funds, which report the general activities and capital assets of the First Nation, together with their related financing
- The Social Housing Fund, which reports the Social Housing assets of the First Nation, together with the related activities
- Government Trust Funds, which reports on trust funds owned by the First Nation and held by the Government of Canada

(d) Asset Classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible capital assets, prepaid expenses and inventories of supplies.

(e) Financial instruments

The First Nation's financial instruments consist of cash and term deposits, accounts receivable, restricted cash and deposits, funds held in trust by government, investment in First Nation affiliated entities, accounts payable and accrued liabilities, security deposits and down payments and long-term debt. It is Council's opinion that the First Nation is not exposed to significant interest rate and credit risks arising from these financial instruments and that the carrying values approximate fair values.

(f) Inventory

Inventories are valued at the lower of cost and net realizable value.

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2018

1. Basis of Presentation and Significant Accounting Policies (continued)

(g) Tangible capital assets

Tangible capital assets include acquired, built, developed and improved tangible capital assets, where the useful life extends beyond one year and which are intended to be used on an ongoing basis for producing goods or delivering services.

Tangible capital asset policies of government business enterprises entities that are consolidated in the financial statements are not adjusted to conform to First Nation policies. Policies that could differ include amortization rates, estimates of useful lives and dollar thresholds for capitalization.

Certain assets which have historical or cultural value, including works of art historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

Social Housing

Social Housing housing units are amortized at a rate equivalent to the annual principal reduction in related long-term debt.

'Namgis First Nation Government

Tangible capital assets, other than the tangible capital assets of its Social Housing Programs, are amortized over their estimated useful lives on the declining-balance method, as disclosed in Notes 11, 12 and 14.

(h) Revenue recognition

Revenue from government funding agencies is recognized as it becomes receivable under the terms of the applicable funding agreement. Funding that is restricted by a funding agency as to its use is recognized as the funds are spent on the particular project. The total unspent portion of funding is recorded as deferred revenue. Unrestricted contributions are recognized as revenue when received. Revenue from rents is recognized on a monthly basis as it is earned and when collectability is reasonably assured. Interest and other income is recognized as they are earned and collectability is reasonably assured. Revenues from sales of tobacco products, gasoline, dental and medical services is recognized upon delivery of the products or services.

(i) Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions which affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and revenues and expenses for the year reported. Actual results could differ from those estimates. Items requiring the use of significant estimates include tangible capital assets (amortization), accounts payable and accrued liabilities.

'Namgis First Nation

Notes to Consolidated Financial Statements

March 31, 2018

1. Basis of Presentation and Significant Accounting Policies (continued)

(j) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

(k) Budget

Draft budgets are prepared early in the fiscal year and are reviewed and approved by the appropriate boards and committees. They are then reviewed by the First Nation's Finance Committee, who recommends their adoption to Chief and Council. Later in the fiscal year, the budgets are updated to reflect funding and expenditure changes. The revised budgets go through the same approval process as the draft budgets. The committees that review the budgets include the Education Board and Health Board.

(l) Comparative figures

Prior year's comparative amounts have been reclassified where necessary to conform to the current year's presentation.

2. Economic Dependence

The First Nation receives a substantial portion of its revenues from Indigenous and Northern Affairs Canada and First Nations Health Authority. The nature and extent of this revenue is of such significance that the First Nation is economically dependent on this source of revenue.

Withdrawals from the reserves are credited to interest first and then to principal.

At the year end, the funds in the reserves consisted of cash and term deposits.

The funds in this account may only be used to meet future subsidy requirements of income-tested occupants over and above the maximum Federal assistance. At year end there were no funds in the Subsidy Surplus Reserve.

"New" Social Housing Program

Under the terms of the agreement with CMHC, the Replacement Reserve account must be credited by up to \$6,000 annually. The funds in the account may only be used as approved by CMHC.

Under terms of the agreement with CMHC, operating surpluses may be retained in an Operating Reserve. The funds in this reserve may only be used for the ongoing operating costs of the program. Accordingly, future years' deficits may be recovered from the Operating Reserve fund.

On June 1, 2007 the Nation signed a lease agreement with the Village of Alert Bay whereby the fire truck is leased to the Village of Alert Bay for a lease payment of \$1 per year. The term of the lease is fifty years or until the Nation sells or otherwise disposes of the fire truck.

Work-in-Progress are costs related to projects currently under planning, development, or construction that will result in a finished asset at a future date. Costs related to planning, development, or construction are capitalized until such time as the property is ready for use. These costs have not been amortized. Amortization of these assets will commence when each specific asset is put into service.

12. Tangible Capital Assets - Revolving Housing Program

Old Agreement Houses

Prior to March 31, 1988 under the 'Namgis Revolving Housing Program, the First Nation would build a house for a First Nation member, who would then assume title of the home and would owe the First Nation monies equal to the costs of construction. The First Nation member would then accumulate equity in the home by repaying the initial loan. Houses built using these agreements are called "Old Agreement Houses". These houses are not amortized.

Licence to Occupy Houses

Since April 1, 1988, First Nation members are required to sign a twenty-five year "Licence to Occupy" housing agreement, in which case title to the house remains with the First Nation until the costs of construction are repaid in full to the Revolving Housing Program. Houses built under these agreements are called "Licence to Occupy Houses".

Rentals

The Revolving Housing Program also provides rental accommodation to First Nation members. First Nation owned rental stock includes eight single family houses, two duplexes, two triplexes and four apartment buildings with thirteen apartment units. In addition, the First Nation has leased two houses and a duplex off reserve available as rental accommodation for First Nation members and non-members.

The net investment in the 'Namgis Revolving Housing Program represents expenditures, net of applicable amortization.

REVIEW ENGAGEMENT REPORT

To: The Members of 'Namgis First Nation

We have reviewed the Schedule of Remuneration and Expenses - Chiefs and Councillors of 'Namgis First Nation for the year ended March 31, 2018. Our review was made in accordance with Canadian generally accepted standards for review engagements and, accordingly, consisted primarily of enquiry, analytical procedures and discussion related to information supplied to us by management.

A review does not constitute an audit and consequently we do not express an audit opinion on the schedule.

Based on our review, nothing has come to our attention that causes us to believe that this schedule is not, in all material respects, in accordance with Canadian generally accepted accounting principles.
