

Polaris survey team is coming to Alert Bay

Please be advised that a survey team will be present on 'Namgis Reserve lands conducting work-related activities. They will be here for approximately two weeks (**October 26 – November 6, 2026**).

Polaris survey team will be moving throughout the reserve and may need to access people's yards to locate survey monuments and collect preliminary data.

This work is part of our Legacy Issues Project, funded by Lands Advisory Board Resource Centre (LABRC), to address historic survey issues and establish accurate lot boundaries throughout the reserve lands. This will give members greater certainty about their property boundaries and support future home ownership, development, and land management.

There is no cause for concern regarding their presence. We sincerely appreciate your patience and understanding during this time.

Thank you!

If you have any questions, feel free to contact Samantha Webster at 250-974-7927.

Short-Term Employment Opportunity: 'Namgis Survey Liaison

'Namgis First Nation's Lands & Infrastructure Department is seeking a community-minded individual, preferably a **'Namgis member**, for a short-term contract opportunity.

The 'Namgis Survey Liaison will provide on-site support and liaison services during upcoming land survey work conducted by **Polaris Land Surveying**.

Interested in applying? Please submit your expression of interest and résumé to:

samantha.webster@namgis.bc.ca

Or drop off your résumé with:

Gina Wadhams

at the Lands & Infrastructure Building
1C Front Street, Alert Bay

We encourage interested 'Namgis members to apply!
